COASTLINE CHILDREN'S FILM FESTIVAL

MARCH 11 - MARCH 20, 2016

FREE ADMISSION ( \$1 SUGGESTED DONATION )

**10 DAYS | 9 VENUES | 75 SOURCES OF INSPIRATION**

# WELCOME TO THE 6TH ANNUAL COASTLINE CHILDREN'S FILM FESTIVAL

Six years ago, we were inspired by the **8½ Foundation (eightandahalf.org)** – founded by Tilda Swinton and Mark Cousins – and its mission to make great films available to young people everywhere. In their own words: *"...not the bigger films blasted from the rooftops of every seventeen-screen pleasure palace, but littler films, often from other countries, maybe made many decades ago, maybe made without color, maybe with subtitles, or not a single spoken word."* That idea became our mandate. Our manifesto. For 10 days, 75 sources of inspiration will be offered – all for **FREE (\$1 suggested donation)** in collaboration with Krasl Art Center. Full-length features. Documentaries. Silent classics. Shorts. Chosen just for you.

The festival kicks off on **Friday March 11th** with an **Opening Night Pajama Party** hosted by the Krasl Art Center. The evening begins at 6:00 pm with live music by **Brandon Mattson** and continues at 7:00 pm with KID FLIX MIX—a selection of shorts from the New York International Children's Film Festival (NYICFF). The **Young Filmmakers Competition** will premiere at the Michigan City Public Library (IN), The Stanley Clark School (IN) and the New Buffalo Township Library (MI) on **March 12th**. Now in its fourth year, the competition features 26 short films directed by visionaries from 6 states. Awards will be presented, red carpet style, at the Citadel Oak Room at 6:30 pm on **March 18th**—immediately following the 5:30 pm screening. Other events include a panel discussion on documentary filmmaking, a Lego stop-motion animation workshop and a special post-screening lighthouse activity at North Berrien Historical Museum. In addition, we are thrilled to inaugurate a partnership with the Northwest Film Forum (Seattle, WA).

Finally (saving the best for last), the inimitable **Dr. Larry Schanker** will, once again, provide improvisational piano accompaniment to not one, but three silent films: *City Lights* (1931), *Captain January* (1924) and *The Kid Brother* (1927) which will close the festival at Krasl Art Center on **March 20th**.

**[DESIGN NOTES]** An early LED (light-emitting diode) display generated numbers by illuminating patterns on a seven-segment array. Six segments create a 6, making it the perfect symbol to celebrate the festival's sixth year! An LED display first appeared in the Pulsar—a \$2100 wristwatch introduced in 1972 by the Hamilton Watch Company, inspired by the clock they had created for the classic science fiction film **2001: A Space Odyssey**.

The numbers on the map illustrate the general location and the approximate distance between the 9 screening venues. For detailed maps and directions to each, please visit the address below or scan this code.
